

Year Group: 2

Term: Summer

Long Term Plan Theme: Amazing People

| | | |
|---|--|--|
| <p>Curiosity (Engagement)</p> <p>The children will be encouraged to ask questions about their learning such as why</p> |  | <p>Resilience</p> <p>The children will continue to develop their resilience when faced with new and challenging learning. They will be reminded that it is OK to make mistakes and encouraged to learn from these.</p> |
| <p>Teamwork / Independence</p> <p>The children will continue to be given opportunities to work collaboratively and independently across the curriculum. They will work in teams in and independently in.</p> | | <p>Empathy</p> <p>The children will be given opportunities to discuss feelings and emotions and how to be empathetic toward other people's situations. During their RE work, they will learn to be understanding of different people's beliefs.</p> |

| | |
|---------------------------------------|---|
| <p>As mathematicians...</p> | <p>The children will learn about position and direction, and learn to follow and give instructions involving turns. We will also spend time revisiting number and continue to practise using the four operations in calculations and word problems. Later on in the term, the children will be learning how to tell the time and how to measure capacity, mass and temperature.</p> |
| <p>As writers...</p> | <p>The children will continue to write a variety of text types such as recounts and narratives. They will focus on writing about real-life events and using imaginative descriptions.</p> |
| <p>As citizens...</p> | <p>The children will continue to think about feelings and relationships whilst also learning about money such as where it comes from and how to keep track of it.</p> |
| <p>As scientists...</p> | <p>The children will learn about animals and their habitats, finding out about groups of animals (mammals, birds, etc.), the structure of animals, food chains, basic needs and life cycles. In the second part of the term, we will be learning about plants, finding out about the structure of a plant and investigating the basic needs.</p> |
| <p>As computing experts...</p> | <p>The children will learn to code using Blue-Bot robots. They will also think about different ways to present ideas such as mind maps, leaflets and presentations using a variety of tools on our Chromebooks.</p> |
| <p>As artists...</p> | <p>The children will be developing their drawing skills, thinking about using different types of lines to do observational drawings. They will also be printing and using a variety of objects to make repeating patterns.</p> |
| <p>As designers...</p> | <p>The children will be planning, making and evaluating a new fruit snack for a specific age group.</p> |
| <p>As historians...</p> | <p>The children will be exploring and investigating the lives and actions of some historical figures and the effects of their actions.</p> |
| <p>As religious experts...</p> | <p>The children will be exploring Islam with a focus on who is Allah and what is important to Muslim families.</p> |
