

Worplesdon Primary School – Weekly Update

Dear Parents / Carers,

Friday 13th January

A massive well done to Nightingales on their wonderful class assembly, we are very proud of them! Kingfishers will be performing their class assembly next week on Friday 20th January. Please can Kingfishers children bring their costumes into school on Wednesday 18th January in preparation for the performance.

In Science this week, we investigated digestion and the children enjoyed a brilliant practical experiment! We demonstrated how food moves through the digestive system with the use of orange juice, biscuits and bananas. The children thoroughly enjoyed this demonstration and showed excellent interest in the topic!

All of the children have now logged on and completed the introduction to Atom learning in class. Homework will be starting next week and the children will have one week to complete their Maths. The first piece of homework for the children will be set on Wednesday 18th January, which will be due on Wednesday 25th January. The homework passport will still be available for children to try on google classroom, however this is optional for any children who would like to do it.

Congratulations to the children who have received golden leaves this week:
