

Worplesdon Primary School – Weekly Update

Dear Parents / Carers,

Friday 17th March

This week in maths we have been learning how to calculate the perimeter of shapes. The children have been brilliant at applying this to a variety of problems. Next week, we will be moving onto learning about mass. In addition, in English next week our skill focus will be apostrophes for possession looking at the text 'The Owl Who Was Afraid Of The Dark'.

In DT, we have designed clay pots based on our history topic. Some children have now made their clay pots which look fantastic. We used the coiling method to build up the sides. The rest of the children will make these next week.

Apologies, Atom homework has only just been set for this week. We will allow the children a full week to complete this but we will resume back to setting on Wednesdays next week.

Thank you for the donations and money for the 'Someone Special Sale'. The children enjoyed choosing the gifts to go into the lovely bags they decorated. We hope you enjoy them.

Magpies class finished the week with their class assembly all about the Stone Age – Iron Age. We are very proud of their achievement and teamwork. We look forward to watching Sparrows class assembly next week at 2:40. Parents are welcome to arrive from 2:30 onwards.

We would like to celebrate these children for receiving a golden leaf this week:

Carson – For outstanding effort in his swimming lessons and listening carefully to the swimming instructor

Barney – For excellent, thoughtful contributions in class discussions

Oliver – For trying so hard in maths and living by our school values. For also showing resilience and perseverance.

Henry – For working really hard on his handwriting this week and showing courage with reading out his assembly lines.

Olivia - For always helping others and being an enthusiastic team member during all the assembly preparation.

Wishing you a restful weekend.

The Year 3 Team
