

February 23rd February 2024

Dear Parents / Carers,

This week:

Maths:

This week in maths we have been making equal groups by sharing and grouping and multiplying and dividing by two.

Tiny is working out 5×2

The answer is 7

Is Tiny correct?
How do you know?

Ben has 24p.
He divides it equally between 2 friends.
How much will they each get?

Ben has 24p in 2p coins.
How many 2p coins does he have?

What is the same about the two questions? What is different?

With 40 counters you can only make equal groups of 4 and 10

Is Ron correct?
Use counters to show how you know.

English:

The children have been retelling the story of Augustus and his Smile, they have focused on including a variety of adverbs throughout the story to enhance the detail.

Across the rest of the curriculum in DT the children have been investigating bug hotels; What they are for? Who uses them? What are they made from? They have looked at the countries which are closest to the equator and learnt that those are the hottest and that the further away the colder the country. In Science the children have been categorising items as alive, dead and never been alive EG: flower, stick, lego brick.

Next week:

In English the children will be tweaking their story of Augustus and his Smile with a focus on adverbs. In Maths the children will be doubling, halving and looking at the 5 and 10 times tables.

This weeks common exception words are:

clothes could cold

Worplesdon Primary School – Weekly Update

Golden Leaf Winners:

Doves:

Chloe	For showing curiosity when using Impressionism when creating a piece of art in computing - Well Done!
George	For being positive and curious when discussing our science topic on alive, dead and never been alive - Well Done!
Emmy	For showing independence and resilience when adding the fine details to her map of the equator this week - Well Done!

Larks:

Eddie	For using adverbs to enhance his story of Augustus and his Smile. Well done!
Harriet	For putting 100% effort into her multiplication and division this week during maths. Well done!

Wishing you a wonderful weekend,

Year Two Team
