

Worplesdon Primary School – Weekly Update

Friday 1st March

Dear Parents/Carers,

Swimming

We have had some successful couple of sessions where the children were assessed and put into groups. The swimming instructors will continue to get to know the children over the next few weeks and may adjust their groups as required. Please remind the children that as these lessons have been paid for, it is vital that they get the most out of it, and listen to the instructors to ensure they pass the assessment at the end of the sessions.

Frogs!

In the coming weeks in science, we'll be looking at life cycles, specifically of frogs. We were hoping there were some people in our Year 5 community that might be able to find and donate some frogspawn for us to see real life biology. Please let your teacher know if you can help.

World Book Day

A reminder that World Book Day is on this Thursday. We can't wait, not only to see what the children dress up as, but also which books they want to share with everyone!

Atom, TTR and Reading

Thanks for your continued support with encouraging your children to complete these at home regularly. A "little but often" approach really makes a difference - just 5 minutes daily all adds up!

Have a great weekend,

The Year 5 Team

Mr Kennedy, Miss Taylor, Mr Djadali and Miss Piercy
