

## Worplesdon Primary School – Weekly Update

Friday 15<sup>th</sup> March 2023

Dear parents/carers,

The children have thoroughly enjoyed their viewing of Anne Frank this week, in preparation for our writing unit to begin next week! We had great discussions regarding Anne's experiences and the children were really able to step into her shoes and see life through her eyes during World War Two-we can't wait to see their diary entries over the next two weeks!

### **Easter Egg Competition**

The Easter holiday is fast approaching and it would not be the same without our annual Easter Egg design competition!

This year, this will be held on Thursday 28<sup>th</sup> March. Please can we ask children to bring their amazing creation to the hall where there will be tables set up, please ask your child to place theirs on their year group table ensuring it is clearly marked with their name and class. This is a great opportunity to be creative but using the humble egg at the heart of their design.

Our School Council will be judging the competition and winners will be announced.

### **HSBC Workshops – Wednesday 27<sup>th</sup> March**

We have been offered the opportunity of some fantastic workshops for our Year 6 children-all round money. We thought this would be an excellent opportunity and a great way to learn about its importance, particularly before heading off to secondary school! These will take place on Wednesday 27<sup>th</sup> March.

This week, we'd like to congratulate the following children who received Golden Leaves:

#### **Wrens**

James-Dean-For excellent participation in French with Madame Fuentes.

Harry-For consistently living by our school values and showing respect to those around him.

#### **Jays**

Oliver-For great contribution in science; explaining blood flow in the heart.

Isabel-For great focus when writing an explanation text about deforestation.

Robert-For demonstrating good understanding in mathematics whilst looking at fractions, decimals and percentages.

#### **Kestrels**

Maisie-For fantastic work in Math's this week learning about fractions, decimals and percentages.

Jessica-For producing a well put together and presented explanation text on why volcanoes erupt!

Layla-For always living by our school values, showing wonderful manners to everyone and striving to be the best you can be.

Finally, if you ever have any questions or concerns, please don't hesitate to catch us on the playground at the end of the day. However, we know that lots of Year 6 children walk out to meet an adult, so alternatively you can email us (no matter how small a question or problem may be!) on the addresses below:
