

## Worplesdon Primary School – Weekly Update

Dear Parents / Carers,

Friday 26<sup>th</sup> April

Thanks to all of you for supporting George's mufti day and donating food for the food bank. George was very happy with how successful it went.

In maths this week, some of us have started a fraction unit. The children were looking at halves and quarters. In addition, some of us were looking at the relationship between decimals and fractions. All children have been engaging with maths very well.

In Food Tech, the children made vegetable stir fry. The children chopped all their vegetables and stirred them in the frying pan. They enjoyed watching the noodles boil, mixing the noodles and vegetables together and adding the sauce. It tasted delicious.

In social context, we focussed on the feeling 'jealousy'. We unpicked what this meant and looked at different scenarios deciding whether they were showing jealousy or not.

In Geography, we did some map work looking at Barcelona. The children were great at using the map to locate Spain and seeing how far it is from England.

Congratulations to these children for receiving a golden leaf this week:

Christopher – For being an amazing friend, especially at swimming this week

Julien - For remaining calm in a tricky situation and returning to the learning independently,

Thank you for your continued support.

Wishing you all a wonderful weekend.

Best wishes,

The Falcons Team
