

Year 3, Spring 1, Art - Cave Paintings

Cave paintings were used to tell stories in the Stone Age.

Many were of animals and hunters. They also include the use of hand stencils.

They used natural colours from minerals.

What colours did they use?

The minerals were crushed into a powder.

They were painted onto a damp rock, or mixed with wax or oil so they would stick.

What tools did they use?

- sticks
- bones
- feathers
- fur
- rocks
- fingers
