

DT: Henri Matisse – Spring 2

Henri Matisse

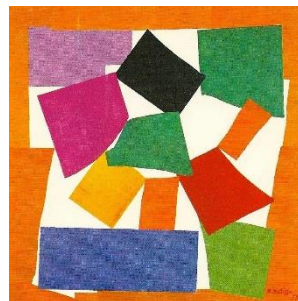

- He was born 1869, in France.
- He spent a long time in hospital and started painting.
- He changed from studying law to being an artist.
- At 72 years old, he was in hospital again and started cutting out shapes to use in his art.
- He died 1954, aged 85.

The Snail

- Matisse created this in 1954.
- He cut and tore paper into pieces and then used thin, watery paint to stick it.
